Dear Sir or Madam

I am writing to you in reference to the job position you have mode for the Junior software developer position at your company. I believe I would be an excellent fit for this position since I have wide experience in the field of software development.

I tend to view myself as a generalist since I try not to focus on any given technology. My skills range from C#, Assembly to Java, C++ and JavaScript. I am also experienced in hardware development.

I am very flexible and fast learner. I believe I would make an excellent addition to your team.

Yours faithully,

Vít Petřík
